MURRAY EASILY BEATS SALT LAKE

Smeltermen Pile Up Nine Runs
on Nine Hits and Nine Er-
rors at Walker's.

Salt Lake meets Ogden at Walker's field this afternoon. The game is called for 3:30 p. m. At the same time Murray plays the Z. C. M. I. at 4 p. m.

Murray scored nine runs and made nine hits, and Salt Lake piled up nine errors. This about tells the tale of the game between the White Wings and Smeltermen yesterday. While Murray was bringing the nine runs across the plate Salt Lake succeeded in getting four home runs, and pitched a great game. He was wild in the first inning, three hits, three stolen bases and a base on balls allowed three runs for the Smeltermen. The Bountiful boy settled down and allowed but one little single until the ninth rolled around. Here two hits and a base on errors allowed Salt Lake another score. Fuchell pitched for Salt Lake and was touched up for nine safe hits. His support was something fierce and the nine errors piled up against the team is letting them down easily. The score:

RECORD IN HIGH JUMPLES BROKEN

Arthur B. Shaw Goes Distance
in Fifteen Flat—C. A. A.
Wins Meet.

Chicago, Sept. 12.—A world's record for the 120-yard high hurdles was established today at the annual meet of the Central Amateur Athletic association on Marshall field. The meeting was an easy victory for the Chicago Athletic association, which scored 89 points, compared with 19 points for its nearest rival, the University of Chicago.
The new high hurdle record for 120 yards was established by Arthur B. Shaw of Joliet, Ill., a graduate of Dartmouth, who lowered the time of Kranzlein, who held the University of Pennsylvania record, to 15.5 seconds, to 15 seconds flat, amidst a burst of cheers from a large crowd that filled the stands. Kranzlein made his record at Parkside in 1888. Shaw's time might easily have been even better, had he opposition, but he finished far in the lead and slowed down as he approached the tape. Once before, at an eastern meet, Shaw did the distance in 15 flat, but the record was not allowed, as he was aided by a strong wind.
The absence of John C. Garrelis was the most bitter disappointment of the afternoon, so far as track events were concerned. Garrelis participated in the weight events, but owing to an injured leg did not enter the hurdles.
J. A. Rector of the University of Virginia, who was expected to try for a world's record at 120 meters, did not attend the meet.

OLDFIELD WNS AUTO RACE

Barney Has More Luck Than Other
Fellow—They Meet
Again.

Cincinnati, Sept. 12.—Barney Oldfield won a victory today over Walter Christie in the finals of the sweepstakes automobile race, which was held at the Oldfield track in Cincinnati. Christie and Oldfield entered. Oldfield has been anxious to beat Christie ever since the latter beat him last month at St. Paul by two feet in a match race. Oldfield had his wish today, but there was small exultation for he had over the victory, as both the automobiles met with mishaps and it was only a question which should be gotten into the best shape by such hurried repairs as could be made at the track. Oldfield happened to have the better luck in this respect, as Christie's car was comparatively slow time of 1:11. They ride another match tomorrow.

S-P-O-R-T-O-L-O-G-Y

BY W. D. RISHEL.

On Labor day the Utah Baseball League closed its season. And in closing its season it goes down into history as the first successful baseball league, taken from every point of view, the state has ever had. The season closed as per schedule. Each team paid all its debts and there was money left for a starter next year.
After trying for the past ten years to promote baseball in this state, it seemed as if it could not be successfully done. Since the demise of the Pacific National, a league which cost the Salt Lake fans thousands of dollars, it seemed that Salt Lake was doomed as far as the national game was concerned. State league and independent ball were tried, but they all wound up in a joke. The simple fact constantly stated the promoters in the face that Salt Lake was the only city large enough to support a professional team in the state.
Realizing this, the scheme of pooling receipts and starting out with a sinking fund instead of a guarantee was worked out. A baseball league was organized along these lines. It took weeks to shape up the circuit, but the gates were never opened for the first game until it was assured the league would succeed. The first game was played today saw this game played, and now that it has been proved the state can have baseball along these lines, the league will probably be continued indefinitely.
The class of ball at the beginning of the season was not as good as it should have been, but this was due more to the desire of the managements to please the fans by playing as much home talent as possible. As the season progressed better and faster men were brought in and the grade of ball improved just this much.
Those who were not on the inside hardly realize the work that was necessary to carry along the league as planned. Those who took the lead in the matter were met with setbacks that would have discouraged many. Where they should have had boosting, nothing but knocks came, but in spite of this the league was carried through without a hitch.
The success this year leaves an opening for next season, when a league stronger and a higher class article of ball can be had. In all probability four or five games a week will be played and, with the increased games, it will give a larger fund with which to pay salaries.
In giving credit for the success of baseball this year, too much cannot be given the league's president, John F. Tobin, and the league secretary, F. N. Moss. Both of these officials worked long and hard. Others whose work should be appreciated are W. D. Bratz and George Geiger of Salt Lake, Messrs. Bentz, Smith, Miller and Howell of Murray, and Fred Bossner of Ogden.

Papke the Better Man.

With complete accounts of the Ketchel-Papke fight at hand, it would appear that Papke not only thoroughly whipped Ketchel, but that he did it decisively. There will always be an argument over that first round, when against the Salt Lake High school, and one week later, on Oct. 3, they meet the Ogden High. Oct. 10 and Oct. 17 are open dates, but on Oct. 24 the Aggies will take on the Golden Miners. On Nov. 3 the U. of U. A. C. game will be played, and on Nov. 14 the St. Vincent's college team of Los Angeles will come here. The Thanksgiving day game will likely be with the Montana School of Mines.
The Aggies' playing schedule this year is the best one they have ever had. They played their first game on Sept. 26, against the Salt Lake High school, and one week later, on Oct. 3, they meet the Ogden High. Oct. 10 and Oct. 17 are open dates, but on Oct. 24 the Aggies will take on the Golden Miners. On Nov. 3 the U. of U. A. There were several other Olympic competitors. Flanagan won the hammer throw and the 55-pound weight events. Melvin W. Shubert won the half-mile hurdle, and Harry E. Hillman took first honors in the 440-yard run, beating Shepherd, who ran second.

big eastern daily to furnish its wise dose on the fighting game. James started in last week and in his first article predicted the defeat of Ketchel at the hands of Stanley Ketchel. James went into details and told how it would be done. Corbett will now have a busy time explaining to his readers how it happened, but never mind, there are others who missed it as far as Corbett. All of which goes to show that it is a truly wise sporting scribe who refuses to dope the outcome of a fight these days.
Umpire Was Wrong.
Manager E. T. Smith writes for a decision on a baseball game between the O. K.'s and Frunkins. Smith says his team met the Frunkins and at the end of the eighth inning, while the Frunkins were ahead, they refused to continue playing because one of their players left. Smith then says the umpire refused to award the game to the O. K.'s and wants to know how about it.
In this case the umpire was clearly at fault and if the conditions are as Mr. Smith says, he is certainly entitled to the game.
Brock Wants a Fight.
A letter has been received from J. O. Wade from Venice, Cal., in which Wade says he would like to bring Bill Brock here for a fight. Brock is a corner and a classy man, and would make a good match with any lightweight that could be brought against him. However, the game of fistfights is rather down and out in this neck of the woods, and the chances for the fight fans seeing Brock in action are, therefore, rather slim.

Wrong as Usual.

In big head lines, "Frank Kramer Breaks a World's Record," the eastern press gives an account of a half-mile handicap in 54.15 seconds which Kramer won at Valleyburg. As R. F. Kelso, chairman of the N. C. A., referred to the meet, he probably gave the information to the public, and if he did not, was responsible for having the time announced. This gives a fair idea of what the N. C. A. knows about cycling records. The record for this distance is 53.35 seconds, and is held by Jackie Clarke. But, then, the N. C. A. can hardly be expected to know what is going on in the record-breaking line in Salt Lake, and will not know until the officials get a copy of next year's Herald Sporting Annual.

Made a Poor Guess.

New York, Sept. 12.—Another big crowd saw the New Yorks make it five straight from Brooklyn today by sensational batting rally in the eighth inning. Up to that period the visitors led by 3 to 2. Then doubles by Donlin and Devlin, triples by Rhodnick and Mathewson and a base on balls on Bridwell, brought in four runs and clinched the victory. Brooklyn's new pitcher, Dunn, battled well. Mathewson was batted freely, but was effective when the bases were occupied. Score: R. H. E. Brooklyn..... 5 9 2

FLANAGAN GETS RECORD.

Olympic Champions Compete in A. U. Senior Championships.

New York, Sept. 12.—John J. Flanagan of the Irish-American A. C., a three times Olympic winner, was the only athlete to establish a new record in this year's A. U. senior championships games of the Metropolitan association held at Traverse Island today. Flanagan threw a 96-lb. shot of 28 feet 13 inches, beating his own record of 28 feet 11 inches, made at Jamestown, Va., last year.
There were several other Olympic competitors. Flanagan won the hammer throw and the 55-pound weight events. Melvin W. Shubert won the half-mile hurdle, and Harry E. Hillman took first honors in the 440-yard run, beating Shepherd, who ran second.

OUTLOOK AT HIGH SCHOOL

Over Thirty Candidates Out Each
Day to Try for Football
Team.

The outlook for the High school football team has never been brighter. Captain McNece now has this line of the Athletics in full swing, and over thirty hustlers report every day for tryouts. Captain McNece, who played center last year, is in his old position, while Worthman, a former star, is doing his duty. Some fine work at end. The other members of last year's aggregation who are back in the game are H. H. E. Harris, Kirby, Edkins and Yates. Among the new candidates is found some fine material which, under the direction of Coach McNece, is expected to develop into some valuable players. These new men, together with the stars remaining from last year, are every promise of developing into a team that will regain the prestige lost during the last two seasons.
